

BELGRADE CYCLE ROUTES

1 SPORTS AND RECREATION CENTER MILAN GALE MUŠKATIROVIĆ

Open-air pools (recreation and water polo), indoor pools, mini golf, table tennis, sand volleyball court, open-air bowling alley, sport halls for basketball and indoor football, tennis courts and concrete courts.

2 DORČOL

The name of the neighborhood comes from Turkish, literally meaning "four roads" or colloquially "intersection (of four roads)", "crossroads". Dorčol was known as the Danube Town, where during the times of Ottoman rule, beside Turkish merchants and craftsmen, lived Jewish, Greek, Armenian and Serbian merchants. Today, the streets of Dorčol are known for its cafes and night clubs where you feel that everybody knows each other. The most attractive is the Strahinjica Bana Street, where you can party and have a great time all night long.

3 BELGRADE FORTRESS

Belgrade Fortress was built on the ridge overlooking the confluence of the Sava and the Danube. The fortress was erected gradually over a long period of time, from the 1st to 18th century, as a military stronghold. Today, it is a special museum that documents the history of Belgrade.

4 NEBOJŠA TOWER

The Fortress area alongside the river bank includes the Lower Town, where in Medieval Times most of the Belgrade urban zone was found. According to the description of the famous Turkish travel writer, Evlija Čelebija, "it looked more gigantic and famous than the rest of the Fortress facilities".

5 CHARLES VI GATE

Charles VI Gate was built during the Austrian rule. In those years Belgrade was reconstructed according to the urban development plan of the Swiss Nikola Doksat de Mores. The new fortification was completed in 1736. The Gate was built according to designs of Balthasar Neumann, who came to Belgrade with Charles VI as court architect.

6 THE VICTOR MONUMENT

On the cliff overlooking the river juncture is the Victor Monument, symbol of the City, work of sculptor Ivan Meštrović; the monument is fenced off and rises to a height of 17.5 m.

7 THE BELGRADE PORT

This is a place where each year tens of thousands of tourists come to Belgrade down the Danube by ship. From the port, the church tower of the Orthodox Cathedral, built in the first half of the 19th century, on the order of Prince Miloš, in Neoclassical and Late Baroque style, can be seen.

8 THE BELGRADE FAIR

The Belgrade Fair includes 14 fair halls with 100,000 square meters of exhibition and business surface area, open air exhibition area and accompanying catering facilities.

9 ADA CIGANLIJA - THE BELGRADE SEA

Ada Ciganlija is long river island found 4 km from the Sava and the Danube confluence. There are more than 50 sports grounds there and it is the biggest sports center in Belgrade, tucked in greenery and covered with walking and cycling paths with numerous cafe clubs and restaurants.

NEW BELGRADE CYCLE ROUTES

10 UŠĆE (CONFLUENCE OF THE SAVA AND THE DANUBE)

Confluence of the Sava and the Danube is a peace oasis where inhabitants of Belgrade enjoy leisure time, ride bicycles or have fun in one of the numerous party boats – restaurants. Museum of Contemporary Art is hidden by a green belt, and the green area extends into the Park of Friendship created in 1961 on the occasion of the First Conference of Non-Aligned Countries, when all delegations present at the conference visited this park and planted a tree; after this event it became the custom that all important guests who visit Belgrade plant a tree. The last ones to do so were the Rolling Stones in 2007.

11 VELIKO RATNO OSTRVO (THE GREAT WAR ISLAND)

The island is found between the two historical nuclei: Belgrade Fortress and Zemun Medieval Fortification; it is a unique hydrogeological phenomenon and the former Danube wetlands remain. It is protected as the reserve of migratory bird species.

12 STUDENSKI GRAD (STUDENTS' CITY)

This biggest student dormitory includes more "pavilions" for accommodation of nearly 5,000 students.

13 SAVA CENTAR

This is the biggest congress & business center in the Balkans, with a big congress hall, 17 smaller halls and business premises.

14 EXPO CENTER

Part of the Expomedia Group chain of international Expocenters EXPO XXI. This is a multifunctional space with a capacity for over 2,500 participants of business conferences, fairs and other events.

15 SPORTS CENTER 11. APRIL

Serves mainly for recreational sports. It includes a hall for small sports: (basketball, indoor football), table tennis hall, bowling alley, shooting range facility, gym, indoor pool, open air pools (Olympic-size swimming pool, children's pool, non swimmer pool) and open air tennis courts.

16 HALA SPORTOVA (SPORTS' HALL)

It is found in the very center of New Belgrade. Consists of a big hall with 3,000–5,000 seats for basketball, handball and volleyball matches as well as 2 small halls for martial sports and a gym.

17 BELGRADE ARENA

The biggest universal 20,000-seat sports hall in Belgrade for multi-purpose events (basketball, handball, volleyball, tennis and athletics). According to need it can become an ice hall or a hall for cultural events.

18 ZEMUN
Even in the Neolithic Era people used this favorable location by the river and established a settlement called Taurinum during the Celtic and Roman period. Zemun with its cultural and historical monuments and traditional hospitality receives numerous visitors who enjoy the national cuisine and intimate ambience in its various restaurants.
Tourist attractions of Zemun are the Medieval Fortification and "Gardos" Tower, City Park, sandy beach "Lido", Zemun Quay, the old town nucleus of Zemun with the oldest church in town, Town Hall, Library and the Zemun Home Museum.
19 GARDOS
It is the highest point in the Municipality of Zemun with a wonderful view of whole Zemun, the Danube and Belgrade. According to legends it is remembered as a settlement of fishermen, craftsmen and fruit and vegetable vendors, its ambience is totally undisturbed.
Zemun Quay is found at the foot of Hill Gardos, along the Danube, where numerous live music restaurants, cafes and clubs are found. This popular promenade is a meeting place of river fishermen and artists.
There is also a boat marina as well as artistic galleries.

EuroVelo Routes in Belgrade
EuroVelo, the European cycle route network totaling over 60,000 km. Belgrade is one of the most important node points of this network due to the fact that 2 European routes meet in Belgrade.
EuroVelo 6 is the Rivers Route. It runs from Nantes on the mouth of the Loire, along the river eastward through France. It continues on to Lake Constance in Switzerland and then down the Danube through Germany, Austria, Slovakia, Hungary, Serbia, Bulgaria and Romania to the UNESCO Heritage site of the Danube Delta, and ends in Constanta, on the Black Sea. The route comes to the Belgrade area from the northwest down the Danube and in the Upper Zemun zone is included into the City cycle routes network. Downstream from the Pančevo Bridge, the route continues alongside the Danube.
EuroVelo 11 is the East European Route. The route runs from North Cape in Norway, then through Estonia, Lithuania, Poland, Slovakia, Hungary, Serbia, Macedonia and ends in the south of Greece. The route comes to Belgrade from the north, along the Zrenjanin road, through the Pančevo Bridge to the right bank of the Danube. Here Routes EV 6 and EV 11 intertwine. Route EV 11 runs downstream from the confluence of the Velika Morava and the Danube, and then alongside the South Morava and the Vardar to the south.
